

## IFRA Compliance Certificate

Scent Elixir Perfumery  
www.scentelixir.ng

### Coconut Sun

Date Prepared: 07/11/2025

This certificate assesses the conformity of the fragrance mixture with IFRA Standards and provides restrictions for use as necessary. It is based only on those materials subject to IFRA Standards for the toxicity endpoint(s) described in each Standard.

| Category     | Description                                                                                                                   | Level/Limit |
|--------------|-------------------------------------------------------------------------------------------------------------------------------|-------------|
| Category 1   | Products applied to the lips                                                                                                  | 0.00%       |
| Category 2   | Products applied to the axillae (armpit)                                                                                      | 3.12%       |
| Category 3   | Products applied to the face/body using fingertips                                                                            | 2.28%       |
| Category 4   | Products related to fine fragrance                                                                                            | 58.32%      |
| Category 5A  | Body lotion products applied to the body using the hands (palms), primarily leave-on                                          | 15.18%      |
| Category 5B  | Face moisturizer products applied to the face using the hands (palms), primarily leave on                                     | 3.12%       |
| Category 5C  | Hand cream products applied to the hands using the hands (palms), primarily leave on                                          | 4.23%       |
| Category 5D  | Baby Creams, baby Oils and baby talc                                                                                          | 1.06%       |
| Category 6   | Products with oral and lip exposure                                                                                           | 0.00%       |
| Category 7A  | Rinse-off products applied to the hair with some hand contact                                                                 | 3.73%       |
| Category 7B  | Leave-on products applied to the hair with some hand contact                                                                  | 3.73%       |
| Category 8   | Products with significant anogenital exposure                                                                                 | 1.06%       |
| Category 9   | Products with body and hand exposure, primarily rinse off                                                                     | 13.37%      |
| Category 10A | Household care excluding aerosol products (excluding aerosol/spray products)                                                  | 13.37%      |
| Category 10B | Household aerosol/spray products                                                                                              | 36.76%      |
| Category 11A | Products with intended skin contact but minimal transfer of fragrance to skin from inert substrate without UV exposure        | 1.06%       |
| Category 11B | Products with intended skin contact but minimal transfer of fragrance to skin from inert substrate with potential UV exposure | 1.06%       |
| Category 12  | Products not intended for direct skin contact, minimal or insignificant transfer to skin                                      | 100%        |

Customers are responsible for ensuring the safety of the final product containing fragrance oil through thorough testing.
